# Join the knowledge & networking experience!

October 7th – 8th will be the dates of Heat Exchanger World's first conference & expo. Set in the RDM in the dynamic city of Rotterdam, the event location is close to the hub of this metropolis' industrial heartland and at the centre of one of the world's busiest business areas. The event will provide a meeting point for professionals working in the heat exchanger supply chain to address key issues in the industry from design and manufacture, through purchasing to usage, and maintenance, and will bring together end-users, EPCs, distributors, suppliers, and manufacturers.

## WITH AN EASY TO ACCESS VENUE, THE GOALS OF THE CONFERENCE WILL BE TO:

- Present the latest developments and best practices in industrial heat exchanges
- Connect experts and peers to gain and improve knowledge
- Further develop end-user understanding of specialist equipment
- Tackle key challenges in the heat exchanger supply chain
- Introduce new and potential clients and promote new products and projects

# We invite you to contribute

**1 WORKSHOPS:** These are discussion-based and interactive. A small panel of presenters, under the leadership of a moderator, will give short PowerPoint presentations before engaging with the audience. The panelists will give a 5 minute presentation supported by PowerPoint slides to kick-start a discussion.

## POSSIBLE THEMES:

- Corrosion issues
- Cost optimization
- Energy efficiency
- Equipment design & specification
- Fouling & fouling mitigation
- Heat exchanger systems, cooling systems
- Hydraulic & industrial processes
- Inspection & reliability
- Maintenance & plant improvement
- Material selection
- Operational modelling
- Process control & efficiency
- Supply chain challenges
- Welding issues

**2 PAPER SESSIONS:** Feature several speakers each presenting formal technical papers on a particular topic under the leadership of a moderator. The speakers will give a 15 minute presentation followed 5 minutes question time. Presentations should be case study orientated relating to how equipment can be best used to solve industrial challenges.

See over for information on how you can participate...

If you would like to present a paper or take part in a workshop please send a 300-400 word abstract outlining the topic and content of the material before 29/02/2020 to: Mr John Butterfield: [j.butterfield@kci-world.com](mailto:j.butterfield@kci-world.com)  
For more information please call John on: +31 575 585 298

**IN ASSESSING THE ABSTRACTS THE FOLLOWING CRITERIA WILL APPLY:**

- Quality of the content
- Focus on applications
- Informative to a wide audience
- Tie-in with the conferences hot topics

**WHEN SUBMITTING AN ABSTRACT PLEASE REMEMBER TO INCLUDE:**

- Your full name
- Your job function and company name
- Your email address
- The presentation/paper title
- Whether you wish to participate in **1** a workshop or **2** present a technical paper

**DATES TO REMEMBER:**

- Abstract submission deadline: **April 15, 2020**
- Notification of acceptance: **April 17, 2020**
- Submission of final presentations: **September 1st, 2020**
